THIS PUBLICATION IS INDEPENDENT AND IN NO WAY IS AN OFFICIAL PUBLICATION OF THE SA AMATEUR LEAGUE OR STAFF

As of next week, the "New Age" of Media that has overtaken how information is brought to the masses, when we start talking about Amateurs to you, through the Web at www.talkingamateurs.com.au

With magazines and newspapers in hard copy formats gradually becoming redundant from book stores and newsagencies, this new age of media has already embraced the world over.

Most importantly it is **FREE** to every Club, Player and Supporter of Footy in this state. Tell your friends about it who live interstate, those who live in the regional areas, or for those who are perhaps working and living overseas. They can catch up with all of the results, gossip and who is playing for their respective teams back home. Nothing better than to cure home sickness if they can talk about the Amateurs with their mates. www.talkingamateurs.com.au

From next week, you will have 48 pages jam packed with information about **EVERY GRADE**, in the Amateurs. Not just an D1 or higher grade publication, but we will be talking Amateurs and about every grade you compete in each week.

Write ups from D1 to D7, from a Massive team of great writers, Gossip, Rumours, Team Sheets, Player and Coaches Profiles, Club Profiles, In Days Gone By, Letters to the Editor and everything you will want to know about the Amateurs in our State. "**This entire publication is Independent - and is NOT an Official publication of the SA Amateur Football League it's Executive of Staff**"

Remember, it is **YOUR BUDGET** and you control the content, so lets talk about Amateur Footy in this State.

You will have it all delivered "FREE of CHARGE". No log in codes, no verifications. Everything is free - so go to your new website and click on the links to get any information you need.

This week we have produced a Programme Guide to all of the matches for 2008, in all Grades. Most importantly, we thank the absolute avalanche of support that we have received from the General Community, about producing the First Budget next week, especially with our many Great South Australian Sponsors, with **WEST END**, being the Major Sponsor. We urge you to get behind our Sponsors and to, **SUPPORT THOSE WHO SUPPORT YOU.**

Rest assured, we will encounter some teething problems during the first half of the season when producing the "**Footy Budget**", but these will be sorted out mid year and we will give you the best read guaranteed, on the Amateurs with Weekly gossip, Footy news and lots more.

Very importantly, **BUY A COPY** from your club. The Budget is given **FREE** to each club, so help them out that little bit and chip in for your good read.

Use the easy to navigate website for a variety of information, Footy Forums, Photo Galleries, Football links to every Football Club and Association in South Australia, Australia and indeed the World.

Get your Amateur, AFL, SANFL, Country Leagues and a whole lot more all at your "**ONE STOP GOOD FOOTY READ.**" By seasons end there will be only one place to go for all your football links, needs & wants. We hope you find it a good read throughout the entire year.
